Hot summer days and nights ahead!!

Just a quick note to say hello and check in with everyone. With the country opening up and the warm weather upon us, we hope you are staying safe and well but enjoying a bit more freedom. The last year has been challenging for so many and we hope you and your families have weathered this and come out safe and healthy.

We want to thank each and every one of you for being our loyal clients. We appreciate you all more than you can possibly know. Your referrals mean the world to us and as a result, we are continuing to grow and expand. With that being said, we are adding some new team members so next time you call or receive a call from us, you may hear an unfamiliar voice.

Reminder that the Annual Enrollment Period for Medicare is October 15th through December 7th. This applies to Medicare Part D prescription drug plans AND Medicare Advantage plans. This is right around the corner and will be here before we know it. We can start discussing the 2022 plan changes as of October 1st, but cannot submit applications until October 15th. So please remember to schedule a few minutes with us to do a plan review so we can make sure you are in the right plan for 2022. We are sending out a reminder as we get closer to October so

Advertising for Medicare plans will continue to be aggressive this year with Joe Namath and many more likely to join the “celebrities” touting these plans. If you see something that is of interest to you, please reach out to us as we represent every major carrier. We will make sure you get the information you need to make an informed decision.
